Backpack Cutting

Backpack Cutting Instructions

Please note: All strips are cut across the width of fabric (WOF) from selvage to selvage edge unless otherwise noted.

WOF= Width of Fabric • LOF = Length of Fabric

Fabric A (4436-88 Lab Tools – Red), cut:

- (1) 11" x WOF strip, sub-cut (2) 11" x 14" strips.

Fabric B (4438-44) Formula – Oyster), cut:

- (1) 2" x WOF strip, sub-cut (2) 2" x 14" strips.
- (1) 14" x WOF strip, sub-cut (2) 14" x 16" strips.

Fabric C (4437-77 DNA – Navy), cut:

- (1) 5" x WOF strip, sub-cut (2) 5" x 14" strips.

Fabric D (4438-88 Formula – Red), cut:

- (4) 3" x WOF strips.

Backpack Sewing

Sew using a ¼" seam allowance with right sides together (RST) unless otherwise indicated. Always press towards the darker fabric while assembling, unless otherwise noted by the arrows.

Backpack Assembly

Use a ½" seam allowance throughout the project unless otherwise noted.

1. Sew together (1) 11" x 14" Fabric A rectangle, (1) 2" x 14" Fabric B strip and (1) 5" x 14" Fabric C strip to make the outer bag front. Repeat to make the outer bag back (Fig. 1).
2. Place the outer front and back right sides together, matching seams. Sew down the right side of the bag from the top stop 1 ½" from the bottom and leave an opening for the strap. Repeat for the left side (Fig. 2).
3. Sew across the entire bottom of the bag with a ½" seam allowance to complete the outer bag. (Fig. 3) Press side seams open.

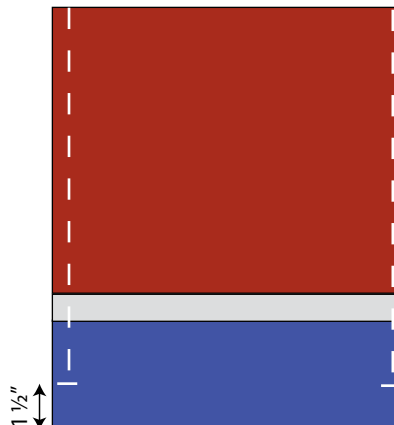

Fig. 2

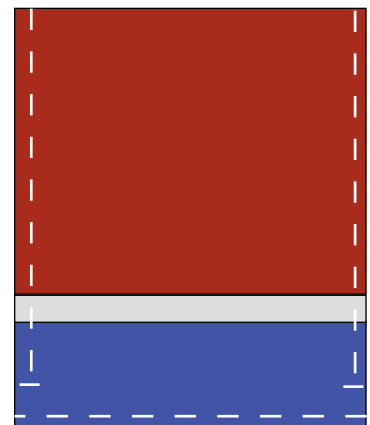

Fig. 3

4. Refer to Figure 4 and reinforce the stitching along one side seam from the top of the bag by stitching $\frac{1}{4}$ " along the seams sewn in Step 2 and down from the top edge of the bag, $2\frac{1}{2}$ " from the top edge of the bag.
5. Place the (2) 14" x 16" Fabric B rectangles right sides together. Sew sides and bottom together with a $\frac{1}{2}$ " seam allowance, leaving a 3" opening in the bottom for turning later to make the lining (Fig. 5).
6. Place the outer bag and lining right sides together. Line up the side seams of the bag and lining. Sew together the two layers around the top edges with a $\frac{1}{2}$ " seam (Fig. 6)

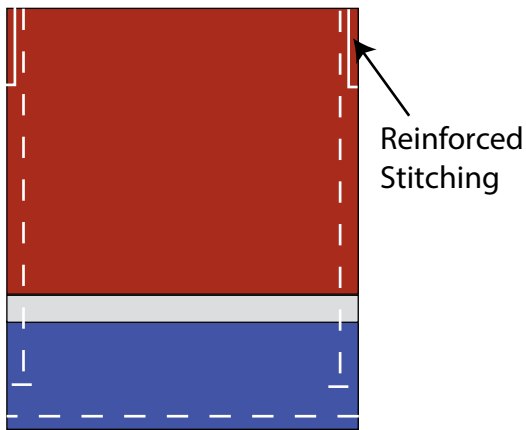

Fig. 4

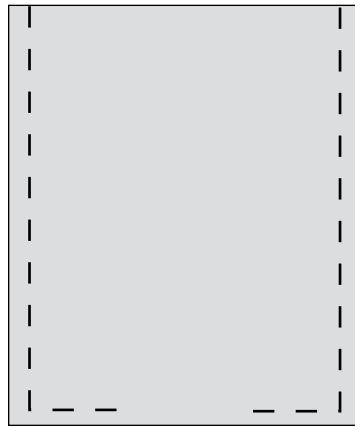

Fig. 5

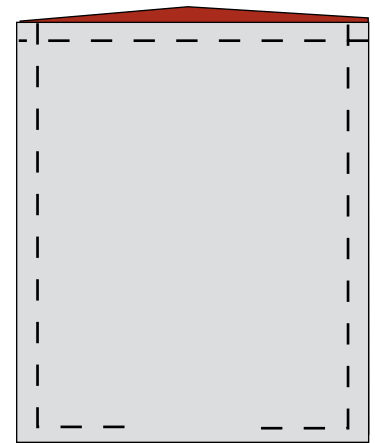

Fig. 6

7. Turn the bag and lining right side out. **DO NOT** close the opening in the lining yet. Press the top seam and top stitch $\frac{1}{4}$ " down from the top edge and again $1\frac{1}{2}$ " down from the top edge (Fig. 7).
8. With a seam ripper carefully open the seam along the reinforced stitches from Step 4 at the top of the outer bag between the $\frac{1}{4}$ " and $1\frac{1}{2}$ " top stitching from Step 4 to make the strap channel (Fig. 8)
9. Piece (2) 3" x WOF Fabric D strips together and cut to measure 4" x 66" to make the strap. Press the strap in half lengthwise. Open with wrong side facing up fold right side 66" cut edge to center pressed seam, repeat for left side. Fold in half a second time, now the strap should be $\frac{3}{4}$ " wide. Press in place. Repeat for second strap. Top stitch $\frac{1}{4}$ " from the outside edge for both straps.
10. Take one strap and feed it through the right side of the strap channel and completely around the bag and back out the same opening (Fig. 9).

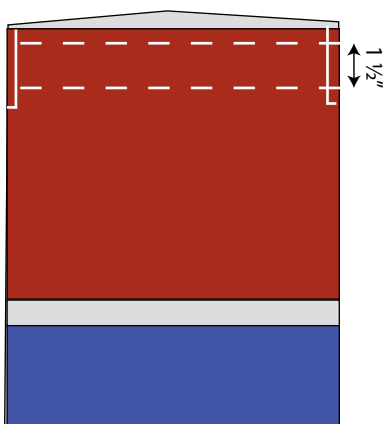

Fig. 7

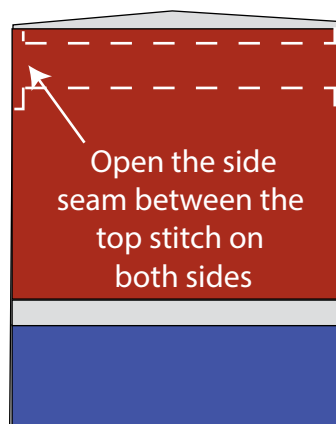

Fig. 8

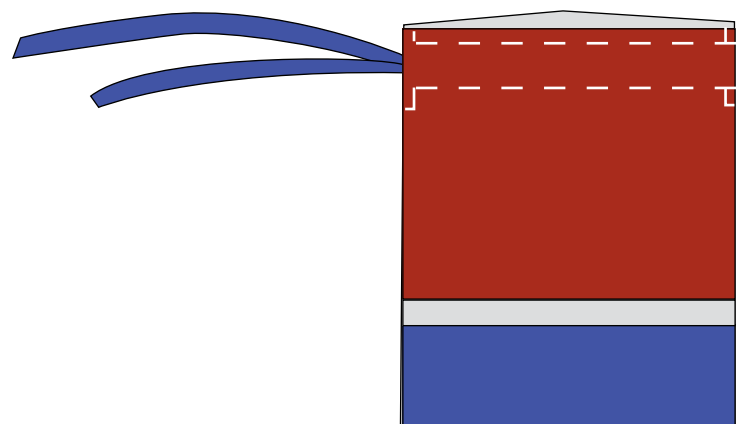

Fig. 9

11. Repeat step 10 with the remaining strap and start through the left opening (Fig. 10).

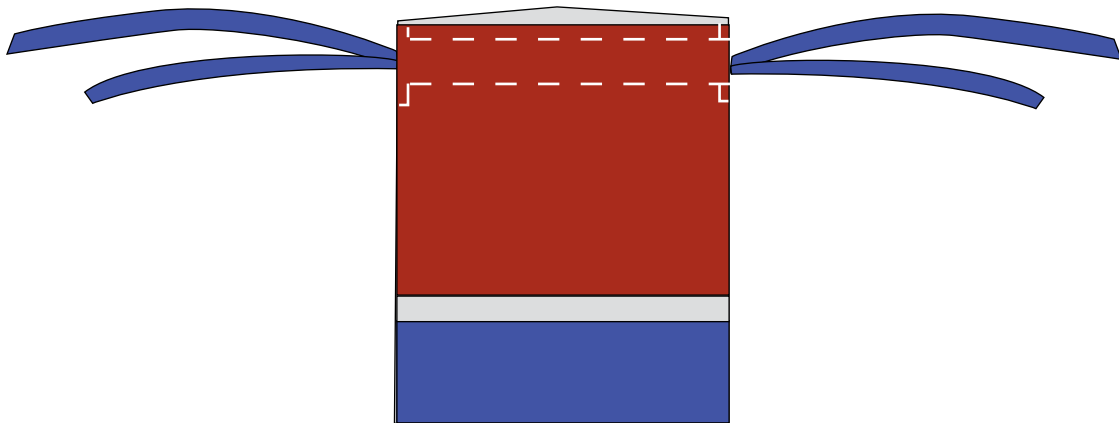

Fig. 10

12. Insert the straps from the right side into the slit opened in Step 2 (Fig. 11). Pin straps in place.

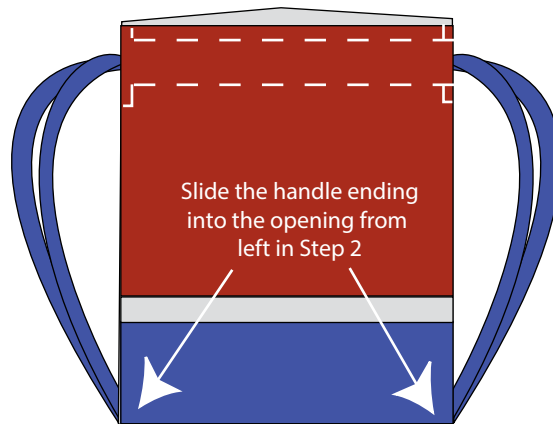

Fig. 11

13. Repeat step 12 for the left side straps.

14. Turn the bag and lining inside out again and go through the lining opening from Step 4. From the inside of the bag stitch and reinforce the slit closed catching the straps and holding them in place. Repeat the other side and strap.

15. Turn the bag right side out and stitch the opening in the lining closed.
